Instructions

Cut a piece of cardstock to 2¾" × 4¼".
Using the edging scissors, cut scallops on all
edges. With the flat side (non-glisten) of the
paper facing you, insert the top edge into the
small hanger and fold the paper back ¾".
Secure the folded edge to the back with double-
sided tape. Cut another piece of cardstock
1¾" square. Turn to form a diamond and use
double-sided tape to attach the flat side of the
paper to the center front of the larger paper.
Use double-sided tape to attach a photo on
the diamond. Attach brads around the top of
the photo to indicate the year. Form a bow
with the Truffle ribbon and use craft glue to
attach it to the bottom of the ornament. Hang
the ornament on a tree, affix on a scrapbook
page, or use it as a gift tag.
